## Shaffer, Hanna Lose Council Renomination In Light Primary

### The War Today..

Plain Mr. Churchill

BY DEWITT MACKENZIE  
AP Foreign News Analyst

AND WHY did Winston Churchill beg his majesty King George to excuse him from accepting England's most honored knighthood—the order of the Garter?

Well, of course that may be a somewhat delicate question which Mr. Churchill himself would have to answer, but I'll bet a shiny new sixpence that the real reason is one he wouldn't be likely to give. This is that the unadorned name of Winston Churchill already is so famous that no title could add to its lustre. A knighthood would be gilding the sun.

Statesman, author, orator, war-leader—plain Winston Churchill ranks among the great of British history. This distinguished place he has won by reason of his genius and through his own efforts.

That in itself is enough to make "Sir Winston" seem strangely out of place as designation for a man whose name is a household word throughout the civilized world. But there's another reason why a knighthood would be no promotion for him. He is the grandson of the Duke of Marlborough, and that is mighty blue blood—none more so.

One suspects too that Churchill wouldn't feel like accepting anything less than a dukedom—the highest rank in the peerage. And the chances are that he wouldn't want it at this juncture because, coming on top of the defeat of his Conservative party by the Laborites in the election, it might appear to be in the nature of a consolation prize. Furthermore, while Churchill hasn't made any official announcement, he reportedly intends to remain in the fore of the political battle as leader of "his majesty's loyal opposition" in the house of commons, and he couldn't have the same time in commons and at the same time hold a peerage, for that would make him a member of the house of lords.

It isn't so many years ago that a noble lord could be prime minister or leader of the opposition party, but that no longer holds good. There is no law to prevent it, but tradition holds that the premier and the chief of the opposition must lead their forces on the actual battle-field, which is the house of commons.

If, as the London Daily Mail says, Churchill is "determined to continue his fight against socialism," we shall be treated to some good old-fashioned pyrotechnics in the commons debates. I've seen Churchill in action many times in commons and believe there's no other man in Britain who has the debating ability and political acumen which he possesses to keep the government on its toes.

By and large, England probably will feel fortunate if Churchill decide to carry on, for the Labor party will need a balance wheel as it starts out on its experiment in nationalization. I even hazard the guess that Socialist Prime Minister Attlee will welcome the fiery Churchillian criticism as helping to maintain the necessary balance.

The future will tell whether Churchill will be able to go "all out" in politics and at the same

### WRITE-INS OF DEMS ASSURE FULL TICKET

G. O. P. Council-At-Large Places Go To Vincent, Massa and Guiley

In what is probably the lightest primary vote ever recorded in Salem, Republican and Democratic voters yesterday selected their respective tickets for the November municipal election. Both parties—the Democrats by virtue of four write-in candidates—chose full slates for the fall election.

With but 513 voters casting ballots yesterday, two Republican incumbents, Councilman-at-Large Fred Shaffer and Fourth Ward Councilman Arthur Hanna, were displaced by newcomers.

The three councilmen-at-large nominated were incumbent Harry Vincent (227), Ned Massa (185) and J. Don Guiley (184). Shaffer polled 151 votes.

Charles Cornwall, a former president of council, defeated Hanna 93 to 48 in the Fourth ward.

John B. Emery, another newcomer, defeated L. W. Hinton 22 to 16 in the Third ward GOP contest while Harold J. Asty nosed out W. J. Breaux 34-21 in the Democratic race in the same ward.

A Fourth ward Democratic contest saw Robert D. Tubbs defeat Paul L. Fletcher 26 to 18 for the councilman nomination.

Service men are "write-ins"

The Democratic write-ins, who complete a ticket otherwise vacant in four places, are Capt. Paul Strader, former Salem attorney, as a candidate for city solicitor; Serafin Buta, also serving in the Army overseas, as a candidate for treasurer; C. A. White, a retired mail carrier, as a nominee for Second ward councilman; and Fred L. Elvins as candidate for First ward councilman.

The mayoralty nomination was unopposed on both tickets, R. R. Johnson polling 290 votes to lead his GOP ticket and Democrat Norman Phillips garnering 177 votes to place his party slate.

Incumbent Orvil Hoover was unopposed on the GOP ticket for the treasurer office and Atty Henry L. Reese, also Republican and serving in the Army, was re-nominated as solicitor.

For council-at-large, three to be elected, the Democratic trio of

### Living Costs Hit New Record High

WASHINGTON, Aug. 1.—Living costs in June reached the highest level since the spring of 1921, the Labor department reported today.

As of June 15 the Bureau of Labor Statistics cost of living index stood at 129 per cent of the 1935-39 average.

The index is based on retail prices paid by wage earners and lower-salaried workers in large cities. It does not take into consideration such war-time factors as lower quality of goods, increased taxes and War bond purchases.

Retail prices advanced 7.10 of one per cent between mid-May and mid-June.

This was attributed to higher prices for fresh fruits, vegetables and eggs along with continued increases for clothing and house furnishings.

Since August, 1939, the month before the outbreak of war in Europe, prices of living essentials have increased 30.8 per cent and in June were 2.9 per cent higher than in June, 1944.

### SMALL ARMS FREED FOR CIVILIAN USE

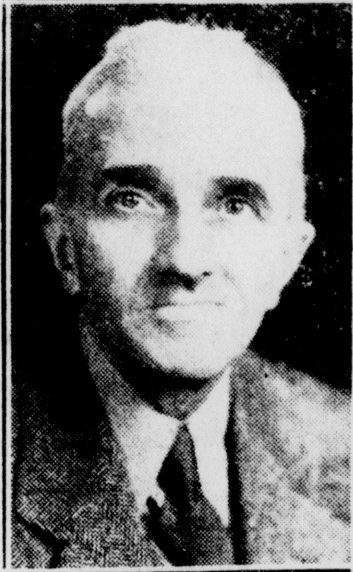

WASHINGTON, Aug. 1.—All small arms, except 12-gauge shotguns and revolvers using 38-caliber special cartridges, will be released for sale to civilians immediately.

Announcing this today the War Production board said those to be released include 16-gauge pump and automatic shotguns, automatic pistols and rifles.

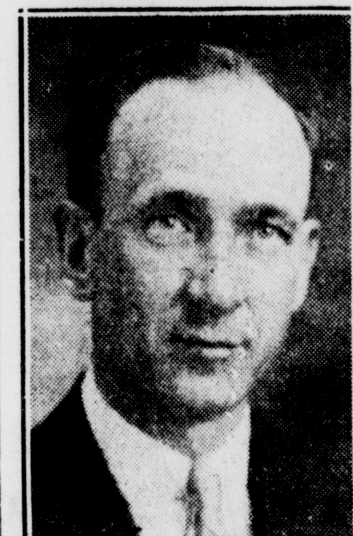

Dealers must continue to sell 12-gauge shotguns only to farmers and ranchers for use in predatory animal control, and 38-caliber revolvers chambered for special cartridges employed by law enforcement officers will remain "frozen."

### Barnes Nominated In Leetonia Voting

LEETONIA, Aug. 1.—Clarence Barnes, acting mayor and Democratic candidate, was nominated here yesterday by a vote of 120 to 60 over his opponent, G. H. Bur-

ton. Mayor John Arnold, who is ill, was not a candidate.

Incumbents Andrew Duco (129), C. H. Varian (130) and Joseph Sevensh (127) were renominated for council positions while Newcomers Raymond Baker (119), Andrew Leyock (122) and Kenneth Metz (119) were nominated for the other three council posts. All are Democrats, no Republican slate is being considered.

Fred W. Galley, who polled 80 votes, was the seventh and unsuccessful candidate for council. In the board of public affairs nominations a tie is evident. With three to be chosen from the Democratic field of six, M. E. Sullivan polled 113, Francis Brennan 94 and John Hall and William Long, both incumbents, 85 votes each. O. O. Todd polled 63 votes and Charles Mushenheim 49.

### Rauch Wins Over Hadley At Lisbon

LISBON, Aug. 1.—Republican incumbent Cecil G. Rauch was virtually re-elected here yesterday as he polled 348 votes to 120 for Clyde V. Hadley, his opponent, in an all-GOP primary. The mayor race gave voters the only contest on the ballot.

Renominated for office were Incumbents Kenneth Hiscox, village clerk; Helen Blackburn, treasurer; and Councilmen Harry G. Arter, Clarence W. Ball, Edward A. Heim, Graham Kearney, Charles Van Fossan and John Turmick.

Board of public affairs members, William M. Morgan, Robert T. Morris and John H. Vogan, were renominated. All were unopposed.

No Democratic slate was considered by the voters. A total of 458 votes, the lightest in the history of Lisbon, was cast.

### Greenawalt, Devon Are Nominated In Liverpool Balloting

EAST LIVERPOOL, Aug. 1.—O. Earl Greenawalt, insurance broker and mayor here for four terms, won the Republican nomination for mayor yesterday as incumbent Mayor Arnold W. Devon defeated his opponent in the Democratic contest.

A total vote of 3,418 was cast, 2,724 Republican and 694 Democratic.

In one of the most hotly contested GOP races Municipal Judge Frank E. Grosshans was renominated to seek his fourth four-year term by 14 votes, defeating Atty James E. Davis 1,339 to 1,325. Davis won by six votes in East Liverpool proper, but Grosshans picked up his plurality in three townships, which are included in the city's judicial subdivision.

Another torrid GOP encounter was in the Fourth ward, where Albert Hall defeated incumbent W. Kelsey Johnson, 174-170, for the council nomination.

For councilmen-at-large on the GOP ticket, voters nominated Incumbents Edgar Hedderston and John Hill and chose Newcomer L. T. Capehart from a seven-man field.

Homer T. Amos defeated Henry Wilson in the GOP race for president of council nomination.

Greenawalt won over a five man field, seconded by Harry C. Smith, a retired potter, who polled 715 votes to the winner's 859.

Devon defeated Ross H. Dorff, former Second ward councilman and a potter, 438 to 228. Devon is now seeking his second term as mayor. He is a former county coroner.

All unopposed candidates on both tickets were given complimentary votes.

### Marshal Alexander Gets Appointment to Canada

LONDON, Aug. 1.—Field Marshal Sir Harold Alexander, who extricated Britain's overwhelmed forces from Dunkerque and Burma and led the epic comeback from El Alamein, has been appointed Canada's 17th governor-general.

The 64-year-old Allied commander-in-chief of the Mediterranean theater was chosen by King George VI. Buckingham palace announced last night, to succeed the King's uncle, Lord Athlone, 71, whose nominal term as governor-general expired last June.

(By Associated Press)  
NEW YORK, Aug. 1.—As the last ammunition ship to leave New York steamed out of the harbor, the New York port of embarkation disclosed today that a "secret pier" in Jersey City, N. J., was "the major munitions shipping point for World War II."

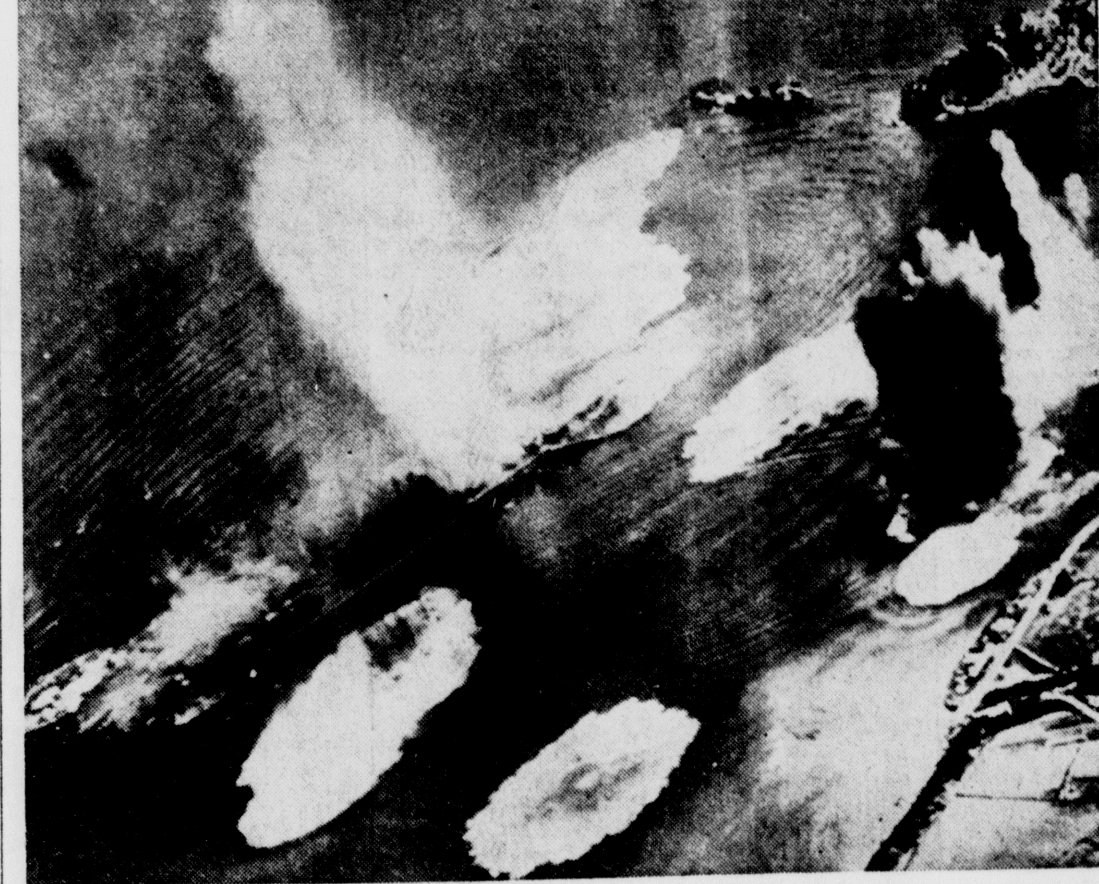

The pier, "largest installation of its kind in the world," was the loading site of 2,696,811 measurement tons of bombs and ammunition—ranging from six-ton block-busters to small arms and loose powder, the port's announcement declared.

The explosives were loaded from 54,000 freight cars into 1,800 ammunition ships during the past three years. From now on, bomb and ammunition loading will be done at other points on the Atlantic seaboard, removed from populated areas.

The 1,800 foot pier, at Caven Point terminal, reaches into New York harbor from the end of a 2,200 foot causeway. It is half a mile south of the Statue of Liberty and less than three miles from New York's skyscrapers.

"The operation, one of America's best-kept secrets of the war, was carried out with such devotion to safety precautions that there was only one serious fire," the statement said.

### 62 OHIO 'LIFERS' ON ELIGIBLE LIST FOR FULL PARDON

(By Associated Press)

COLUMBUS, Aug. 1.—The sunshine of hope for freedom will burst upon 62 first-degree "lifers" in Ohio prisons about mid-October largely because Supt. William F. Amrine of London prison farm has faith in them.

Amrine, recognized as one of the nation's leading penologists, long has maintained that freedom should be given first degree murderers who have demonstrated during long prison stays that they could be useful if returned to society.

Such slayers who escaped execution because of "mercy" recommendations by juries which convicted them heretofore have been combed to spend the rest of their lives behind bars.

New legislation passed by the last general assembly now requires the State Pardon and Parole commission to conduct hearings for first-degree "lifers" after they have served 20 years imprisonment, a procedure which Amrine previously sought without success.

Reward For Good Work

"Good work must always be rewarded," Amrine said today in explaining his philosophy for running a penal institution.

Frazier Reams, Ohio's welfare director, emphasized that the new law does not mean that there will be a wholesale release of long-term prisoners in Ohio.

"Numerous precautions have been taken in this act to safeguard the public," Reams explained. "Before an inmate can be released, it is up to the parole board to study his record carefully and then recommend for further study to the

### U.S. Air Blows Have Cost Japs Total Of 1,546 Ships

(By The Associated Press)

GUAM, Aug. 1.—Combined carrier and land-based plane attacks cost Japan by conservative, official accounts at least 1,546 ships and small craft sunk or damaged in her home waters in July and more than 1,300 of her warplanes destroyed or wrecked—but that is just a beginning.

Adm. Halsey's Third fleet carrier planes, including some 250 British aircraft, alone destroyed or damaged 1,035 Japanese ships and small craft in 21 days of almost ceaseless assaults with torpedoes, rockets, bombs and 50 caliber bullets. They accounted for 1,278 aircraft, most of which were caught on the ground.

Halsey's force reduced remnants of the Japanese fleet to a shambles—99 warships sunk or heavily damaged, including three disclosed today.

Land-based aircraft in Adm. Nimitz' command sank another 85 vessels, mostly freighters and cargo ships, and damaged 176 and destroyed or damaged 53 Japanese planes, an Associated Press tabulation of his communications showed.

Okinawa Bases Pay Off

The Far East air forces immobilized 250 Japanese ships or small craft totaling 250,000 tons after they began operating from Okinawa bases early in July, Gen. MacArthur's communique said today.

The totals include many scores of barges, tugboats and other small craft but exclude many communique reports of "several" or "a number" of vessels sunk or damaged. They also exclude the number of Japanese planes wrecked by the FEAF, by B-29s or by B-29s escorting Mustangs, figures for which are not available.

July was just a pre-invasion beginning of the devastation to be wrought on Japan, warned nearly every commander in the Pacific, and Radio Tokyo said Halsey's fleet still prowled off Honshu, where it already has spent 22 days, unchallenged by sea or air.

Lt. Gen. Barney M. Giles, deputy commander of the U. S. Army Strategic air force, said today B-29s would step up their tempo "until the war lords are forced into unconditional surrender." He promised 8,000-ton bomb raids by forces of 1,200 Superforts.

From the Philippines, Col. James O. Guthrie, acting commander of the 13th AAF Fighter command, declared on the Army Air Forces' 38th anniversary "our pilots now look forward to the day when they will be based at Tokyo."

Another bombing result was shown in decision to extend "indefinitely" evacuation of school children from Tokyo.

Even as invasion resistance was being bolstered at home, the Japanese claimed some success elsewhere. Dornel contended the Japanese garrison in eastern Borneo has "pinned down" Allied troops in vigorous counter-attacks and killed or wounded 3,000 since July 1.

Further, Dornel claimed Chinese troops on the French Indo China border had been checked and could carry out only local activities while awaiting supplies from the rear.

### Independent Ticket At Hanoverton Is Assured

Petitions nominating an independent ticket, headed by Mayor Walter L. Debray, seeking a third term for Nov. 6 election ballot place in Hanoverton village, were filed with the Columbiana county election board today.

The nominees include Mrs. Emma D. Faloon, clerk; Ieland E. Faloon, treasurer; and Albert J. Loudon, Frank L. Miller, J. Alvin Marquis, William S. Rush, Wilbur D. Hoyt and William D. King, councilmen.

### TRUMAN FLIES TO ENGLAND TO SEE KING

President, Who Will Return Home Immediately, Plans Talk to Nation

BY DANIEL DE LUCE

POTSDAM, Aug. 1.—The Big Three came to an end early tonight of their historic sessions upon which the future peace of the world may possibly hinge.

President Truman is due to fly to England tomorrow to meet King George VI after his last meeting with Prime Minister Attlee and Premier Stalin. He will sail from Plymouth to the United States.

White House correspondents who accompanied Mr. Truman to Europe were packed and ready to leave at a moment's notice with the presidential party.

Completion of the drafting in final phraseology of the involved Big Three agreements in two languages, English and Russian, was believed to be the main task remaining. Principles of these agreements already have been decided.

Press Still Barred

The Big Three were still in session at 5:30 p. m. (10:30 a. m., Eastern War time), but it was believed the major decisions had been reached and they and other officials were preparing to leave Potsdam tomorrow.

It was announced to Allied correspondents that no press representatives would be permitted to see the ceremonial conclusion of the parley. A negative reply was given to correspondents' letters to each of the Big Three asking press conferences with them or the heads of their foreign ministries.

It was indicated the final communique would be issued on Friday, one day after all the delegations had departed from Potsdam, with a simultaneous release scheduled in Washington, London and Moscow.

A spokesman said "a great deal of progress was made" by the three leaders at a 3½ hour meeting yesterday.

It is expected the results of the parley will be announced in a joint communique to be released simultaneously in London, Washington and Moscow.

The President will fly to Plymouth in the big four-motored C-54 which carried President Roosevelt to the Yalta conference and which Truman used to fly to the San Francisco United Nations parley.

After meeting with the King, the President will board the cruiser Augusta and return home, where he will formally report to the people of the United States in a nationwide address.

### Salem Man One of Five Defendants In OPA Suits

CLEVELAND, Aug. 1.—Criminal Informations charging violation of rationing regulations were filed in federal court today against five Ohioans.

Those named by Fred H. Mandel, assistant U. S. attorney, and charges against them included:

Andy Kittenberger, 32, Mansfield, possession of 15 counterfeit C-E gas coupons; John R. Coxe, 32, service station operator, Massillon, possession of 36,300 counterfeit meat coupons; Fred D. Massop, 23, Alliance, sale of 16 counterfeit gas coupons and Milton Green, 30, Salem, purchase of 300 counterfeit A-15 gas coupons and sale of 100 counterfeit A-15 gas coupons.

### Rules Stamps Required

WASHINGTON, Aug. 1.—People who want to send rationed food and shoes to civilian friends abroad henceforth will have to spend ration stamps for the gifts.

The OPA, making this ruling yesterday, exempted food for servicemen overseas and shoes for government representatives in other countries.

## On the Back of the Stove

The formal warmup on the so-called "full employment" proposal which Congress will consider when it convenes next fall has consisted of a few hours of brief testimony before a Senate committee. The bill now goes on the back of the stove for a two-month simmering.

While it is there, one apparent fault in its composition is certain to be spotted. The proposal lacks a suitable name. Because it calls for a great deal more than full employment, the use of that phrase only suggests what this measure involves.

It would make the national government responsible not only for the alleviation of unemployment, if unemployment occurred, but for prevention of unemployment. The government's role in a depression would be not merely to furnish aid, but to furnish the plan and the money to avert depression if possible and, if not, to dispel it.

This would imply a government guarantee of jobs. It would entail government responsibility for any and all failure of jobs to materialize where and when demanded by a population trained to obtain results by minority pressure. It would make governing in the usual sense the least of the federal government's functions. It would relieve private management of direct responsibility for employment, and at the same time would relieve it of some of the incentive for showing initiative.

Before the backers of this legislation to put their federal government in complete charge of private enterprise by making it completely responsible for jobs take their scheme off the back of the stove next fall they need to consider the consequences of leading the public to expect more from government than government is prepared to deliver. Their idealism may be unimpeachable, but their judgment isn't. They are proposing a watered-down version of state socialism that should be called by its right name.

## Point of Comparison

The smooth changeover in British government from Winston Churchill to Clement Attlee—equivalent of a complete switch of chief executives, congressional majorities and cabinets in America—suggests a point of comparison.

Mr. Attlee, as leader of the strongest party next to the majority, was deputy prime minister and lord president of the Council in Mr. Churchill's cabinet. He was a member of the British delegation to the United Nations conference at San Francisco. He accompanied Mr. Churchill to Potsdam, was completely acquainted with matters pending before the cabinet and thereby equipped to take office with scarcely more fuss than would result from sitting at the head, instead of the foot, of the table.

When the United States is confronted with the same problem, it is a minor miracle if the outgoing head of the government even sees his successor before inauguration. As for taking a contender into the government, that always has been deemed politically impossible. But the British have done something else deemed politically impossible—they have changed horses in midstream—and lost neither horse, rider, nor the composure that pulled them through blitzes and buzz bombs. Perhaps it's because after the V-2's nothing could seem very exciting anyway.

## It Will Take Some Explaining

Discovery of an official document listing German war casualties through last Nov. 30 as 3,625,354 killed, missing and captured does not jibe with an impression that Germany's manpower losses were a major cause of its collapse.

At the end of World war I, according to U. S. War department figures, Germany's total of killed, missing and captured was 2,926,500, with 4,216,000 wounded—a complete casualty total of 7,142,500. No total of wounded is contained in the document recently discovered listing other casualties up to last Dec. 1, but the same ratio as World war I would make it approximately 5,223,000.

The World war II German casualty total as of last Nov. 30 then would reach 8,848,354. In this connection it is interesting to note that in June, 1944, after the beginning of the European invasion from the west, Russia declared it already had killed or captured 7,800,000 Germans during the first three years of the war, not counting Germans it had wounded. Figures like these were behind the surmise that manpower losses had weakened Hitler's war machine. Someone's estimate is in error. If the newly discovered German figures are close to right, all other figures taken seriously so far must be absurd.

## The Stars Say

For Thursday, August 2.

LUNAR directions show a wonderful opportunity for putting over ambitious programs for expanding and attaining in very much desired directions. Initiative and well-directed energies should combine with utmost discretion and strategy to promote advanced goals, in spite of errors, mistakes, fraud and misconception. However, there are subtle undercurrents or intrigues in connection with powerful personages or corporations, ready to stand by with substantial support or counsel. Sign all writings with caution, and be not carried away by impulse or over-enthusiasm in all affairs.

## If It Is Your Birthday

Those whose birthday it is may encounter a year of opportunity for establishing new projects of high magnitude and long-range expansion and scope. There will be sufficient energy and initiative to put over major propositions, or new ventures, with aggressive and constructive force, and with the endorsement or solid cooperation of influential persons or corporations, where strategy or secret agreements are suitable, but in all contracts or agreements, be prudent, vigilant and shrewd where writings and documents may leave loopholes for fraud, treachery and misconstruction.

A child born on this day will have lofty ambitions and meritorious objectives, with ability to put them over constructively if it will keep alert to fraud and falsification of facts involved.

## A Dictator Squirms

Democratic peoples throughout the world probably are viewing with grim satisfaction the desperate, despairing efforts being made by Generalissimo Francisco Franco, Spain's pigmy dictator, to win acceptance among decent nations and thus perpetuate himself in power.

If it were possible to be amused by anything that this product of Nazism and Fascism might do, then Franco's efforts would be amusing. But, his record considered, they become disgusting. Even a little sickening has been the personal cowardice demonstrated by his attempts to divorce himself from the Falangist Party which has been the pillar of his dictatorship. The Falangist Party has been as much a part of Franco-Spain as Nazism was of Hitler-Germany.

So the squirmings of the Spanish runt can do nothing to inspire respect or arouse sympathy among democratic peoples. Among them, it is unthinkable that any government headed by a man like Franco ever could be accepted in the family of decent nations. Sooner or later he must go—and where he is likely to go is not the kind of thought which may give Dictator Franco any pleasure.

Research shows the family as an institution is 500,000 years old. That seems to fix the age of that joke.

A zoo keeper says chimpanzees can be taught to sing. Having heard grand opera, we thought only hippos could warble.

We've solved the juvenile delinquency problem. Children won't mind parents who won't mind children.

A Cleveland landlord gives a war bond to every baby born in one of his apartments. Nice little bundles, eh?

Some juries could be hung and they'd never be missed.

## GUARDING YOUR HEALTH

Advising Mothers-to-Be

BY HERMAN N. BUNDESEN, M.D.

THE child-bearing time is often an anxious one for the mother-to-be and yet, if she understands the facts about her condition, her fear can quickly be relieved. For this reason, Doctor Leonard H. Biskind of Cleveland has outlined answers to questions which frequently concern mothers at this time.

The process of child-bearing ordinarily begins with pains either in the lower back or across the abdomen. The pains may often be like those which occur at the regular periods in some women. The first pains come on at irregular intervals for several hours, the intervals ranging from ten to thirty minutes or more. Gradually the intervals get shorter while the pains last longer and are more severe.

## False Labor

Occasionally, during the last month of the child-bearing time the mother-to-be will have pains in her back and abdomen, which strongly suggest that the birth of the baby is about to occur. However, after several hours, these pains usually disappear. Such pains are called false labor pains.

The mother-to-be should be prepared to go to the hospital when the pains have been coming at five to eight minute intervals for a period of one to two hours, particularly with the first baby, the period of delivery usually lasts from twelve to twenty-four hours, but with subsequent babies the period is shortened to six to twelve hours and often less.

## Tub Baths Taboo

During the last months of pregnancy the use of tub baths is inadvisable. Shower or sponge bathing is preferred, but care must be taken in the shower to keep from falling. It is a good plan also when the pains begin, to avoid eating since an anesthetic to put the mother-to-be to sleep is often used during the delivery, and by not eating, vomiting can be warded off.

Various types of preparations are used for pain relief. The physi-

cian, of course, will decide in each case what preparation may be best employed without endangering either the mother or the infant. A new method of pain relief called caudal analgesia is being used in many cases in recent months.

Many patients, also, are given an injection of vitamin K upon admission to the hospital. This is the vitamin which helps to lessen the dangers of excessive bleeding, and also aids in preventing the bleeding into the brain of the baby.

Another good thing to remember is that it is not a good plan to have too many visitors while in the hospital since they create much confusion and interfere with the patient's care.

# Dave Ferriss Convinced Yankees Have "Old Murderer's Row"

## Has Dropped Three Of His Four Losses To McCarthy's Men During This Season

By JACK HAND,

Associated Press Sports Writer

Nobody can convince Dave Ferriss that the New York Yankees are just a shadow of the old Murderers' Row and the rookie of the year has evidence to back up his case.

The spectacular Boston Red Sox freshman has lost only four games while winning 17, but three of his setbacks were at the hands of the New Yorkers.

The discharged Air Force veteran broke into the league with eight straight triumphs, including a 5-0 shutout of the Yanks, but Joe McCarthy's clan put an end to the search by knocking him off the pedestal, 3-2.

Ferriss at the time shrugged off the loss as "one of those things."

Next time the husky right-hander came up against the Yanks he was slugged off the hill, the only time he has been kayoed in 20 starts, and soundly drubbed, 14-4.

The prize rookie has lost only once since.

Yesterday, however, the New York team combed him for 10 hits, four by Tucker Stambaugh, and edged him out in 10 innings, 4-2.

Hal Newhouser pulled up even with Ferriss at the 17-win pole by turning back the Champion St. Louis Browns in 12 heats, 5-4.

### Tribe Rallies

Cleveland moved into fifth place by notching its seventh triumph in the last eight starts, noosing out Chicago, 6-5, in a night game. Pete Center, who picked up his fourth successive decision without defeat, did a nice job as relief hurler.

Washington and Philadelphia were washed out of a two-night doubleheader after a Buddy Leis celebration had been climaxed by presentation of a \$500 war bond to the Senators' star, back from four years of service in the Air Corps. They will play two tonight.

Boston's new manager, Del Bissontette, got his first taste of the troubles that caused Bob Coleman to resign as the Boston Braves sank to their 10th straight defeat by bowing to the New York Giants, 4-3, in the first game of a doubleheader. Relief Pitcher Mort Cooper walked three men in a row to force in the tying run before Phil Weintraub broke it up. The Braves snapped out of it in the nightcap with five in the 13th to grab a 9-4 even break.

St. Louis missed a chance to regain second place by losing to Cincinnati's Bucky Walters 2-0 in the second game after grabbing the opener, 4-3, as Al Jurisich pitched his first complete game and initial victory of the campaign.

Brooklyn and the Phillies were rained out of a doubleheader.

## Sport Chatter

BY TED MEIER

(Pitch Hitting For Fullerton, Pa.)

NEW YORK, Aug. 1.—The advice of baseball's new commissioner—"Happy" Chandler—for players to stay away from all forms of gambling seems to have fallen on deaf ears—many big leaguers still enjoy an odd day by going to a race track and betting a few bucks on some nag.

CLOSE TO THE RAIL

Speaking of racing, reports from Garden state say Radio Broadcaster Ted Husing is making a cleanup on tips from jockeys—he had a \$49,000 winner the other day as well as a \$300 daily double—Steve Owen, coach of the pro football Giants, and Greasy Neale, coach of the Philadelphia Eagles, are a frequent twosome at New York tracks, but bitter rivals on the gridiron.

ALONG FIGHT ROW

Lou Gross, trainer of Willie Joyce, worried over the Tippy Larkin fight Friday night—"Joyce will win," Lou figures, "but I think it will be close."... is Lieut. Col. Eddie Egan, chairman of the New York athletic commission, and the man responsible for the "no draw" ruling for New York fights, headed for bigger things??

CLEANING THE CUFF

Phil Weintraub, Giants' first baseman, changed gears to cheer in less than five minutes yesterday—his error in the top of the ninth in the first game let the Boston Braves take a 3 to 2 lead—his single with the bases full in the last of the ninth won the game—Wallace "Wah-Wah" Jones, who scored 2,398 points during his five years of high school basketball at Harlan, Ky., has decided to enter the University this fall—the new coach of the AMF Training Command football team, Major Doug Fessenden, ex-Montana, lives in room 4-F in a Fort Worth hotel—fights in Pennsylvania now are decided by a majority of the three officials—previously, if the two judges split, the referee's vote decided.

## SUPER CUBS MOVE FROM HOME WITH SIX-GAME MARGIN

Lead Looks Like Enough To Bring Them First Pennant In Years

By JERRY LISKA

CHICAGO, Aug. 1.—The supercharged Chicago Cubs, who have "borrowed" new strength, appear favored by the schedule-makers to head the National league parade the remaining two months of the season.

The Bruins wind up one of their most successful home stands in several years today and tomorrow against the Pittsburgh Pirates, but a 21-game road trip they begin Friday should cause them no worry.

The jaunt pits them against the Cincinnati Reds whom they have trimmed 13 times in 13 starts this season, and Boston, Philadelphia, Brooklyn and New York who contributed 13 victories in 16 starts to the Cubs on their last eastern swing.

Aided by Hank Borowy, whose acquisition from the New York Yankees continues the mystique and the rest of the majors, the Cubs who have to do an unexpected tail-spin to dissipate their current six-game lead over the St. Louis Cardinals and Brooklyn Dodgers.

One Month At Home

In the final month, the Cubs play 25 of their 32 scheduled contests at home, including four games with the Dodgers, Sept. 15 through 17, and a pair with the Cardinals, Sept. 25 and 26.

On the basis of Cub pennant history, Manager Charley Grimm's current club seems destined to grab the championship. When the Bruins last won the bunting in 1938 they were eight full games out of first place at this stage.

In their current home stand, the Cubs won 16 and lost four, while a game with Brooklyn was suspended in the eighth inning with the Dodgers ahead, 10-4. None of the five visiting clubs won more than one game.

Major League Leaders

NATIONAL LEAGUE

Batting—Holmes, Boston, .370. Runs—Holmes, Boston, 90. Runs batted in—Walker, Brooklyn, 88.

Hits—Holmes, Boston, 146. Home Runs—Holmes, Boston, and Workman, Boston, 17. Stolen bases—Schoendienst, St. Louis, 19.

Pitching—Cooper, Boston, 9-2, .818. Hits—Stirnweis, New York, 112. Home Runs—Stephens, St. Louis Browns, 14.

Stolen bases—Case, Washington, 20. Pitching—Benton, Detroit, 9-2, .818.

Feller Loses to Pirates

GREAT LAKES, Ill., Aug. 1.—Bob Feller, the former Cleveland Indian fireball star, yesterday lost his first game to a major league team when the Pittsburgh Pirates hopped on him for three runs in the tenth inning for a 3-0 victory. Feller gave up 10 hits and struck out 10.

Nelson Favored Again

TORONTO, Aug. 1.—Byron Nelson, the Toledo par-buster, is a prohibitive favorite to cop the \$10,000, 72-hole Canadian Open golf championship tourney which opens Thursday.

Stella Walsh Injured

CLEVELAND, Aug. 1.—Stella Walsh, famous woman track star, was injured slightly last night when an automobile she was riding in sideswiped a truck near here.

Legion Tourney Opens

DELAWARE, Aug. 1.—Second round games of the Ohio American Legion junior baseball tournament today match Springfield against Cleveland and Cincinnati against Zanesville.

The Springfield team defeated Cincinnati Bentley post, defending state and national champions, 14-3, and Cleveland defeated Zanesville, 7-2, in first round games yesterday. Two defeats eliminate a team.

Fleming Signs with Tribe

CLEVELAND, Aug. 1.—Les Fleming has accepted terms of the Cleveland Indians and will report to the team in St. Louis later this week. He was the Tribe's first baseman in 1942 and has been working in a Texas shipyard.

# OHIO INDUSTRIAL EXPANSION LEADS ALL OTHER STATES

(By Associated Press)

CLEVELAND, Aug. 1.—More manufacturing plants and facilities were built in Ohio during the war than in any other state in the union, the War Production board disclosed today.

The Buckeye state, which in 1939 ranked fourth in terms of productive capacity, now stands third as the result of its 1,293 new industrial units.

The WBP said \$1,677,399,000 was spent on the state's wartime industrial expansion, \$1,201,500,000 by the government and \$475,899,000 by private capital.

The greatest expansion occurred in the greater Cleveland area where \$465,236,000 was spent from June, 1940, to May, 1944, the period covered by the WBP survey. Only Detroit, Chicago and Los Angeles topped this figure.

Stark County sixth  
Second in the state was Hamilton county (Cincinnati) where \$222,628,000 was expended, Montgomery county (Dayton) was third with \$113,808,000, Summit county (Akron) fourth with \$110,341,000, Lucas county (Toledo) fifth with \$97,306,000 and Stark county (Canton, Massillon and Alliance) sixth with \$97,100,000.

Ohio expansion totaled 8.3 per cent of all plants and facilities constructed in the U. S. during the four years, the WBP declared, and was largely centered in machine tools, machinery, electrical equipment and appliances, aircraft, iron and steel industries.

Trading the Buckeye state were Pennsylvania, Michigan, Illinois, New York, California, Texas and Indiana.

"Strategic and economic considerations," the WBP report said, "required the heavy concentration of these facilities in the same states and areas where similar industries had chiefly operated before the war."

George A. Moore, deputy regional WBP director, said not one of the 15 largest plants constructed by the government during the war was in Ohio, and commented, generally, the larger the plant the less chance for its conversion to peacetime production.

## ATC Plane Reaches Paris From N. York In 12 Hours

NEW YORK, Aug. 1.—The Air Transport command said a new Trans-Atlantic ATC record of 14 hours and 12 minutes for a non-stop flight from New York to Paris was set today by Brig. Gen. Lawrence G. Fritz, ATC North Atlantic wing commander.

A Lockheed Constellation plane piloted by Fritz left LaGuardia field at 4:38 p. m. EDT yesterday on the inaugural flight of the Constellation service, and landed in Paris at 6:50 a. m. today, the ATC said.

The previous fastest time from New York to Paris by an ATC plane was 18 hours, set Oct. 6, 1944, when General of the Army George C. Marshall and James P. Byrnes, now secretary of state, made the trip.

## Alliance G. A. R. Veteran To Mark 100th Birthday

ALLIANCE, Aug. 1.—John H. Grate, state commander of the Grand Army of the Republic, celebrates his 100th birthday today and the whole town is going to help.

Grate and three fellow members of the John C. Fremont post of the G. A. R. will be honored at a celebration tonight, arranged by local veterans' organizations.

A native of Portage county, Grate enlisted in the Union army Oct. 4, 1863 and remained in active service until discharged June 27, 1865.

## Alliance Sailor Killed In Action Off Okinawa

ALLIANCE, Aug. 1.—Petty Officer Glenn H. Buchner, 19, was killed in action May 25 when his ship was sunk by Japanese suicide planes off Okinawa, his mother, Mrs. Marie Unversagt was informed yesterday.

He previously had been listed as missing in action. He enlisted in the navy Aug. 25, 1943 and served in both Atlantic and Pacific fleets.

## PRIMARY

(Continued from Page 1)

Fred W. Koenreich, Alton M. Fenton and William E. Steffel were nominated. They were unopposed.

Incumbents H. W. Pealy and Arch Wentz, First and Second ward councilmen, respectively, were nominated unopposed on the GOP slate.

**G. O. P. Vote Heavier**  
The voting was predominately Republican, as is usually the case in primaries. Republican voters cast 323 votes to 190 for the Democrats. The GOP had three contests while the Democrats had but two.

Election board officials said today that the four write-in nominees, in order to finally qualify for places on the November ballots, must formally accept the nominations in a written notice to that office and submit the regular filing fee. No certificate of nomination will be issued until that is done.

To win nomination as write-ins, the four Democrats were required to poll at least eight per cent of the total party vote cast in the subdivision affected by the office they seek. In all four cases more than eight per cent of the vote was cast for the write-ins.

The two tickets have among the candidates three servicemen still in active duty with the Army. City Solicitor Henry L. Reese has entered service since last being chosen by the voters and Atty. Lozier Caplan is acting solicitor in his absence. Strader and Buta are the two other servicemen, both overseas.

The primary vote yesterday is slightly less than half that polled in 1941, the last primary held here. In 1941 the Democrats had no slate. In 1941 a total of 1,551 votes were cast, 1,202 of which were GOP and 349 Democratic, one of the lightest primaries previously on record.

Toads and frogs have no necks and cannot turn their heads. Before shooting out their long sticky tongues at insects, they must aim their bodies, much as a gun crew lines up a gun before firing.

## With District Men In The Service

Two district men have arrived for redeployment at the reception center, Indianapolis Gap military reservation, Pa. Prior to reassignment they will be given furloughs. They are:

Sgt. John L. Williams, 478 N. Ellsworth ave.  
Pfc. William R. Fahndrick, R. D. 2, Leetonia.

Discharged at Camp Atterbury, Ind., yesterday:  
Staff Sgt. Robert Chappell, 240 16th st.

William Dinsio, son of Mr. and Mrs. E. Dinsio, R. D. 1, Salem, has passed his Navy examinations and will report Thursday to Cleveland for induction. A brother, Vincent, T. M. 1, c, has been in the Navy two years and is now serving in the Pacific theater.

**WITH THE FIRST AIRBORNE ARMY IN BERLIN**—Among the first troops to enter Berlin was Corp. Paul S. Zimmerman of R. D. 2, Salem, Ohio, who is part of Maj. Gen. Floyd L. Park's First Airborne army which will establish U. S. Headquarters in Berlin district.

John Volio, 21, coxswain, USNR, 462 Franklin st., served aboard one of seven infantry landing craft which have returned to the States to be prepared for duty in the Pacific after 15 months of service in the European theater.

Taking part in the Normandy invasion, their flotilla landed approximately 70,000 troops without losing a soldier. Two members of their own crews, however, were killed during the landings on Omaha beach, the flotilla's D-day objective.

Norman Steele, TM 3/c, has returned to San Diego after spending a 15-day leave with his wife, Betty, 37 N. Lincoln ave., and his mother, Mrs. Gertrude Steele, 412 N. Lincoln ave.

S/Sgt. Robert C. Scott is spending a 75-day furlough at the home of his mother, Mrs. Mae Scott, W. Wilson st.

Sgt. Scott was a radio operator-gunner on a B-17 and completed 24 missions over Germany before his internment as a prisoner of war in Sweden in January.

He has been awarded the Air medal, three oak leaf clusters and two battle stars.

At the end of his furlough he will report at Atlantic City for reassignment.

Two Salem men are among a group discharged at the Camp Atterbury, Ind., separation center, having scored 85 or more points under the Army's adjusted service rating plan. They are:

Staff Sgt. Edward T. Pukalski, 384 Park ave.  
Tech. Sgt. Arnold F. Sulzener, Jr., 664 E. Fourth st.
